🎯 THE VISION

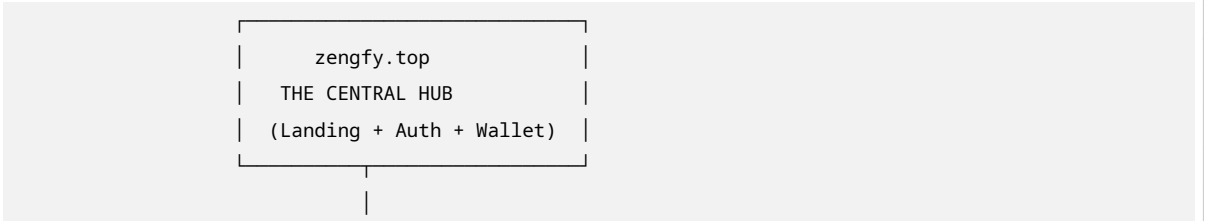

> **"By 2030, Zengfy will be the digital backbone of Bangladesh — where every citizen has one verified identity to access social networking, education, legal services, commerce, governance, health, safety, and local community."**

Core Philosophy

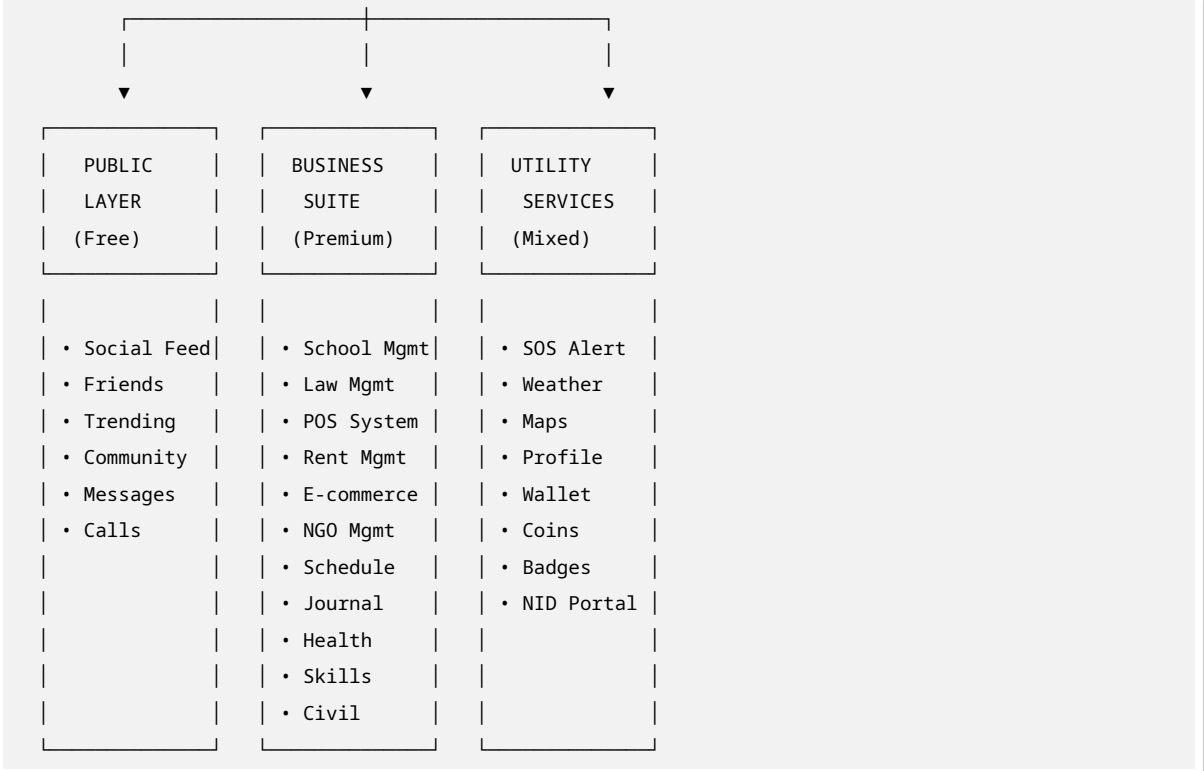

Principle	Meaning
🇧🇩 **Bangladesh First**	Built for Bangladeshis, by Bangladeshis, hosted in Bangladesh
🔐 **Trust by Design**	NID-verified accounts = no fake profiles, no scams
🌍 **One Ecosystem**	Social + Business + Governance + Health + Safety —all connected
💡 **Frictionless**	One login, one wallet, one identity — everywhere
📱 **Offline-First**	Works even without internet (SOS, core features)
🛡️ **Safety First**	SOS button, location tracking, emergency response
🏘️ **Community-Driven**	Village-Ward-Upazilla-Thana based local communities
